Sir

It gives us much pain to find by your Letter of the 26th inst. that you have met with so much trouble, on account of the assistance you afforded our Jon.a Clarke & Capt. Young at Cape Cod, but are somewhat relievd at hearing that the people with you begin to be more quiet & that your trade was returning again; we wish we could send you the same good news from this quarter; we are sorry to hear of the one Chest of the E. I. Company's Tea being destroy'd but unless you receive any payment for this Chest we shall not charge you any thing on account of it, and we consent to allow you the amount of what you saved of the other damaged Chest for your services in saving the remainder of the Teas &c.

We thank you for your kind wishes for our return & living in Boston. we hope soon to hear that you have got through every disagreable consequence of your kindness to us, and that you quietly enjoy the consolation it must afford a good man. if at any time we shou'd be in a situation to render you any services; we shall take pleasure in doing it and are very respectfully

P. S. We shall depend upon you to obtain satisfaction for the Chest of Tea that was destroy'd whenever it shall be in your power.

Your most humb.l Serv.ts
Rich.d Clarke & Sons.
